AJAY PATIL

Java Full Stack Developer | Spring Boot | React | Next.js

Palus, Sangli, MH | +91-7906066648 | aj9411979585@gmail.com | linkedin.com/in/ajaypatil-8eight | github.com/ajaypatil-8

PROFESSIONAL SUMMARY

Java Full Stack Developer with strong foundation in Core Java, Spring Boot, REST API development, and modern frontend frameworks (React.js, Next.js). Experienced in building secure backend systems using Spring Security, JWT authentication, and scalable databases (PostgreSQL, MySQL). Currently developing production-level microservice architecture with Redis, Kafka, Docker, and Kubernetes. Passionate about backend engineering and building real-world scalable applications. Seeking Java Backend or Full Stack Developer opportunities.

TECHNICAL SKILLS

Languages:	Java, JavaScript, PHP
Backend:	Spring Boot, Spring MVC, Spring Security, REST APIs, Spring Data JPA, Hibernate, JWT Authentication
Frontend:	React.js, Next.js, HTML, CSS, JavaScript, Tailwind CSS
Databases:	MySQL, PostgreSQL, MongoDB
DevOps & Tools:	Git, GitHub, Docker, Kubernetes, Redis, Kafka, Postman, IntelliJ IDEA, VS Code
Core Concepts:	OOP, Collections, Multithreading, Exception Handling, MVC Architecture, REST Architecture

PROJECTS

CrowdSpark – Production Full Stack Crowdfunding Platform *(Ongoing)*

Tech: Spring Boot, Spring Security, JWT, PostgreSQL, Redis, Kafka, Docker, Kubernetes, Next.js

GitHub: github.com/ajaypatil-8/Crowdspark-Backend

- Building production-grade crowdfunding platform using Spring Boot microservices and Next.js frontend
- Implemented secure authentication and authorization using Spring Security and JWT
- Developed scalable REST APIs following Controller-Service-Repository architecture
- Integrated PostgreSQL with Spring Data JPA and Hibernate; Redis caching for performance optimization
- Kafka for event-driven communication; containerized with Docker, deployed via Kubernetes

CrowdSpark – Live Crowdfunding Platform *(Deployed)*

Tech: PHP, MySQL, JavaScript, Cloudinary | Live: crowdspark-x.infinityfreeapp.com

GitHub: github.com/ajaypatil-8/College-Major-Project-php-

- Developed and deployed complete crowdfunding platform using PHP and MySQL
- User authentication, campaign creation, donation system, and admin panel with multi-user role system • Integrated Cloudinary for image uploads and PHPMailer for SMTP email notifications

3D Developer Portfolio *(Live)*

Tech: Next.js, React, Tailwind CSS, Framer Motion | Live: ajaypatil-portfolio.vercel.app

GitHub: github.com/ajaypatil-8/3d-portfolio

- Designed and developed modern animated developer portfolio using Next.js and Framer Motion
- Fully responsive with project showcase, skills section, resume download — deployed on Vercel

Haryali Hub – Plant Store Website *(Completed)*

Tech: HTML, CSS, JavaScript, PHP, MySQL | GitHub: github.com/ajaypatil-8

- Developed multi-page plant store with PHP and MySQL: login, product listing, and CRUD operations
- Responsive UI connected to backend database with form handling and session management

EDUCATION

Bachelor of Computer Applications (BCA) – Final Year

Arts, Commerce and Science College, Palus | Shivaji University, Kolhapur | **CGPA: 7.2** (up to Sem 5) | Expected Graduation: 2026

JOB TARGET

Role: Java Backend Developer / Full Stack Developer **Open To:** Internship & Full-Time **Location:** Open to relocation across India
